SUMMARY

I am currently living in Dublin, Ireland. I'm a student at an English school located in Dublin, and I am studying there every day until 12.30 p.m and I have a Stamp 1 visa type. So I can only work for 20 hours each week. I have more than 5 years of experience in Web Development. I used to develop applications with PHP, Flutter, Oracle PL/SQL, Wordpress etc. I have been working with React.js, Next.js, Node.js, MongoDB and many other technologies until December 2020. During this time, I have created projects that can be viewed in my portfolio website. One of them, developed using Flutter and published it on Google Play.
